Individual cosmetical therapy
Improves the quality of life

erol healthcare HAIR SHAMPOO can compensate a lipid deficiency of the scalp and alleviate irritations, dandruff formation, burning sensations and reddening of the skin. The active principles of *Hamamelis virginiana* (Witch Hazel) support the barrier system of a sensitive scalp. Apply a nut-sized quantity of HAIR SHAMPOO into the wet hair and foam it. Leave it for a minute if possible, then rinse with water. The shampoo can be applied anytime or as required.

erol healthcare HAIR SHAMPOO has been developed for the sensitive, dry scalp demanding special care. In contact with water, the product changes into a regenerating smooth balm for hair and scalp. Contains special hair conditioner.

Not suitable for children under 3 years of age. Avoid any contact with the eyes!

Tested dermatologically.

INGREDIENTS: Aqua (Water), *Hamamelis virginiana* (Witch Hazel) Extract, Lauryl Glucoside, Sodium Laureth Sulfate, Alcohol, Methylpropanediol, Coco-Glucoside, Salicylic Acid, PEG-120 Methyl Glucose Dioleate, Guar Hydroxypropyltrimonium Chloride, Glycerin, Tocopherol, Glyceryl Oleate, Glycol Distearate, Dicaprylyl Ether, Lauryl Alcohol, Sodium Salicylate, Ethylhexylglycerin, Sodium Chloride, Laureth-2, Phenoxyethanol, Parfum (Fragrance).

e 150 ML

erol healthcare HAIR TONIC can regulate the function of the sebaceous glands, improve the perfusion of the hair matrix and may be efficient against irritations, dandruff, burning sensations, itching and reddening of the skin. The active principles of *Hamamelis virginiana* (Witch Hazel) support the barrier system of the sensitive scalp.

erol healthcare HAIR TONIC is used for the intensive care of the scaly and irritated scalp. Hair growth stimulating substances counteract degenerative processes in the hair matrix, and dandruff formation.

Apply **erol healthcare Hair Tonic** 1-2 ml once or twice daily and massage thoroughly into the scalp.

Not suitable for children under 3 years of age. Avoid any contact with the eyes! In case of contact rinse immediately with plenty of water.

Tested dermatologically.

INGREDIENTS: Alcohol, Aqua (Water), *Hamamelis virginiana* (Witch Hazel) Extract, *Betula alba* Bark/Leaf Extract, *Equisetum arvense* Extract, *Rosmarinus officinalis* (Rosemary) Extract, *Urtica dioica* (Nettle) Extract, Salicylic Acid.
